RE: Wasatch Tar Sands and Related Disturbances in Uintah County

As discussed with you on December 5, 1984, and in response to your memo on the same date regarding the above referenced disturbances, please follow up on these at your next available opportunity during December. A site visit to Uintah County Tar Sands site and to Cities Petroleum Exploration site should be combined with a site inspection of the following areas:

1. Wasatch Tar Sands *POE 1047/017*
2. Asphalt Ridge - White Rocks Deposit
3. Green River site by Deseret Generation Plant

Please arrange for Ev Hooper and/or Steve Cox of the staff to accompany you on a field trip to these sites during the week of December 17 or the earliest available opportunity. Thank you.
